

## **Crisis In Our World Crisis In Our Church Christ In Our Midst!**

A time of upheaval, change, insecurity, fears about the future, abuses in the Church, natural disasters, famines, and terrifying sicknesses, no causes or remedies for new diseases, faithlessness as so many in the Church lose their faith and morals, corruption in society, moral decadence, bribery, infidelity particularly among clergy, wars, hostilities among nations, poverty, hunger, oppression, homelessness, greed, materialism, violence, political corruption, economic upheavals, crime in our midst, terror, financial disaster, and never-ending stories of suffering and loss striking fear in our hearts, robbing us of our inner peace, and paralyzing our spiritual journeys.

As terrifying as all of this sounds, it is not a portrayal of the world we live today. Rather, it is a descriptive account of 14th century Europe. There is perhaps one major difference between then and now. It is the constant sensory impact of the world on our souls—the visual and audible call to turn away from God and turn towards the things of this world. Nothing could be further from God’s desire for us. He longs for us to accept Jesus Christ as our personal Lord and Savior and in so doing invoke the power of His Holy Spirit to come to our aid in leading lives of holiness and in bringing Christ to the world and the world to Christ.

## **The Gift of a Parish Mission**

When we set aside time to be with Jesus our minds are renewed, our hearts are healed and our lives are never the same again. Time away with Jesus only happens when we intentionally step aside from our busy lives. A parish mission gives us the perfect opportunity to do this.

The Church continually invites us to give special consideration to the Holy Spirit whose mission it is to sanctify the Church and the renew the face of the earth, making us holy and pleasing to God and preparing our souls for an eternity with Him. Through the power of His Holy Spirit we come to know Christ and the One who sent Him. We are able to hear His voice for ourselves, our children, our families, our Church, and our world.

Jesus is the Source of all life—the one sure investment for our future. He is the one true lasting inheritance we have to pass on to our children — to future generations.

To assist parish communities come to know the full power of the Holy Spirit at work in their lives, The Mission Team is offering a variety of parish missions.

Please take a few moments to review the mission topics listed in this brochure and pray about whether or not your parish community is called to be renewed through one or more of these mission topics.

## The Mission Team

The Mission Team weaves together Scripture, story-telling, faith-sharing, worship, and praise with emphasis on the healing power of Jesus in the Eucharist. There are prayers for physical, emotional, spiritual, and intergenerational healing. All of these things come together with a sufficient dose of humor mixed with good old-fashioned common sense!

A parish mission can be presented in consecutive evening or weekly sessions or in a weekend retreat format.

**Adoration of the Blessed Sacrament and Benediction are offered nightly.**

**The Sacrament of Reconciliation is offered on a designated evening.**

**Why not plan a mission for your parish that will open hearts to God's love and mercy**
